Mastering The Art Of

Calibrate

Service & Repair

COMPANY PROFILE

About Company

Vertex Calibration is a prominent Qatari company, specialises in comprehensive On-Site and In-Lab Calibration Services. As an ISO-17025 Certified calibration laboratory, endorsed by AMERICAN ASSOCIATION FOR LABORATORY ACCREDITATION (A2LA), we excel in Mechanical, Electrical, Temperature, Thermal, Pressure, Flow, Optical, Chemical and Survey instrument Calibration, PAT TESTING and many more.

We have the ability to calibrate a wide variety of instruments ranging from frequency counters and amplifiers to signal generators and network analysers. If you want to find out more about our calibration capabilities, visit our Calibration Laboratory page and our website www.vertexcal.com

WHO WE ARE?

Vertex Calibration stands as a distinguished third party accredited ISO 17025 Calibration Laboratory certified in accordance with recognized international standards.

QATAR'S FINEST CALIBRATION LABORATORY.

WHY US? WHAT DO WE INCLUDE!

FREE Management Tool

Our free online tool allows you to track your items calibration process and provides you with a reminder that your test equipment is due for calibration.

PRICE Match Compromise

Found someone who can calibrate your test equipment for cheaper? Let us know and we will match or better that price.

OUR Quality

We consistently work according to defined processes through our ISO certified quality program. All data we collect in our calibration labs is traceable to the National Institute of Standards and Technology (NIST). Additionally, our calibration certificates include As Found and As Left Data.

OUR Equipments

Our new workshop boasts some of the most advanced Calibration and repair tools in the industry.

WHY TO CALIBRATE WITH VERTEX?

Vertex Calibration is accredited by A2LA Accreditation Board in accordance with the recognized International Standards ISO/IEC 17025:2017 and all other program requirement in the field of calibration. Our commitment to quality is further exemplified by our ISO 9001 Certification.

In addition to these credentials, Vertex Calibration is duly registered and certified by the Qatar General Organization of Standardization, Certified by ICV (In-Country Value) by Tawteen underscoring our compliance with government standards.

OUR ACCREDITATION

- Fully Authorized Accredited Calibration.
- All Calibrations Are ISO/IEC 17025:2017 Certified.
- Equipment Used Is Traceable To ISO/IEC Standards.
- Quality And Accuracy Are Our Leading Criteria.
- Calibrations Beyond Factory Specifications.
- Technicians Trained To The Highest Standards

OUR SERVICES

ELECTRICAL CALIBRATION

Portable Appliance Tester (PAT) | Decade Capacitance Box | Decade Inductance Box | Decade Resistance Box | Di-Electric Test Set | Hi Pot Tester & Multimeter | High Voltage AC & Clamp Meter | Cable Analyzer | Cable Detector & Insulation Tester | Current Injection System | Current Voltage Calibrator AND Many More

PRESSURE CALIBRATION

-Barometer Calibration +1m bar
-Compound Pressure / Vacuum Gauge
-Dead Weight Tester
-Hydraulic, Pneumatic, Density Meter
-Transmitter (DPG, PID, PS, DCR, PT, DPT, LT, LIT & Dual Chart Recorder.

TEMPERATURE CALIBRATION

Thermometer -Thermo-Hygrometer -Temperature Gauge -Temperature Controller -Temperature Transducer -Temperature Transmitter -Autoclave / Sterilizer -Block Body Infrared Thermometer Calibrator - Chart Recorders -Cold Room -Extruder Machines - Furnace - Incubator -Infrared And Many More...

DIMENSIONAL CALIBRATION

Caliper -Dial Gauge -Bore Gauge - Micrometer -Measuring Tape - Ruler -Laser Distance Meter -Depth Gauge -Depth Micrometer -Digimatic Indicator -Feeler Gauge -Gauge Block -Height Gauge -Lever Gauge -Plug Gauge - Ring Gauge - Slip Gauges -Straight Edge - Try-Square -And Many More...

OUR SERVICES

MECHANICAL CALIBRATION

Force/Mass Capabilities:

Force: 100,000 lbs

Tension & Compression: 400,000 lbs Compression Scales: Up to 5,000 lbs -Dynamometer-Load Cells (ASTM E-74 available)

Pressure/Vacuum Capabilities:

-14.7 to 10,000 psi - Deadweight Testers Calibration - Manometers/Barometers

WEIGH & BALANCE CALIBRATION

Capabilities:

-Micro Balance -Precision Balance -Analytical Balance - Electronic Balance -Weighing Scale -Platform Scale -Force Gauge -Load Cell -Test Weights

VOLUMETRIC CALIBRATION

Capabilities:

- Pipettes - Burette -Volumetric Flask -Graduated Cylinder - Beaker

-Glass Wares -Flow cups -Flow Measuring Devices - Rotameter Wet Gas Flow Meter -Watermeter -Rotameter And Many More...

SURVEY & ENV. CALIBRATION

Capabilities:

-Auto Level -Total Station - Theodolite -GPS / Rover -Levelling Staff -And Many More...

-Light / Lux Meter -Sound / Noise Level Meter/ Calibrator -Air Flow Meter / Anemometer -Environmental Meter -Air Quality Analyzer / Meter -And Many More...

PAT TESTING & OPTICAL CALIBRATION

Capabilities:

-OTDR - Optical Light Source - Optical Power Meter - Optical Level - Fusion Splicer - Cable Analyzer - Audio Frequency Receiver - Audio Analyzer - Audio generator - Pipettes - Burette -Volumetric Flask -Graduated Cylinder - Beaker - Glass Wares And Many More...

FLOW & VALVE CALIBRATION

Capabilities:

-Electromagnetic flow meter -Ultrasonic flow meter -Turbine flow meter -Thermal gas - Mass flow meter -Vortex shedding flow meter -Metal tube variable area flow meter -Positive displacement flow meter -Vortex precision flow meter - Differential pressure flow meter-Orifice plate -Venturi tube flow meter-Wedge flow meter -Flow nozzle AND MANY MORE

TECHNICAL MANPOWER SUPPLY

Vertex Calibration WLL specializes in providing skilled Instrumentation, Mechanical & Calibration , NDT and Welding Technicians to fulfill precise customer needs. Leveraging our extensive industry experience, we meticulously select the most suitable candidates for various roles. Our recruited personnel are not only highly trained but also possess substantial domain expertise and years of industry experience.

Manpower Scope

- Mechanical Technician
- Electrical Technician
- Calibration Technician
- Welding Technician
- NDT Technician

3DLaser Scanning

Scanning an Industrial Facility or Building

Industrial facilities are complex environments with potential safety hazards. 3D laser scanning is a critical preconstruction digital verification tool that gives facility designers and site engineers an unparalleled line of sight into the facility construction process and its assets. You can document existing conditions, ensure enhanced inventory control and provide a roadmap for improved assembly line layout.

OUR Facilities

01

ASSET Management

We are using asset management software to keep track of our customers to gain full visibility of their organization's calibration program including equipment calibration status, calibration due date, automated recall and calibration certificates.

02

LAB Service

We will pick-up and deliver your equipment to one of our network laboratories for calibration and repair services. Typically a 1 week turn around. Free pick-up and Delivery.

03

ON-SITE Service

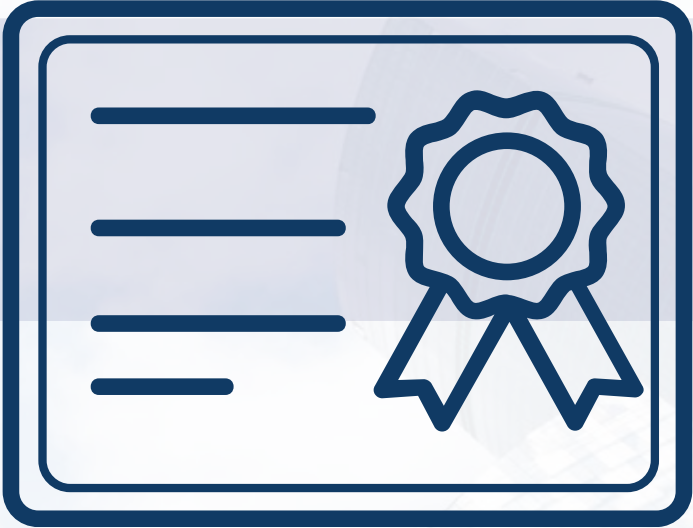

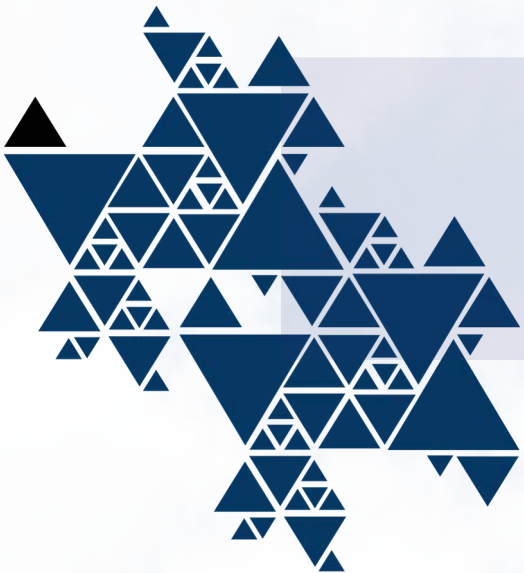

We will bring our technicians and our standards to your location to provide calibration services. Our state-of the-art mobile labs provide cost effective calibration services at your facility.

Our Clients

OUR
CERTIFICATES

Accredited Laboratory

A2LA has accredited

VERTEX CALIBRATION

Doha, QATAR

for technical competence in the field of

Calibration

This laboratory is accredited in accordance with the recognized International Standard ISO/IEC 17025:2017 General requirements for the competence of testing and calibration laboratories. This laboratory also meets R205 – Specific Requirements: Calibration Laboratory Accreditation Program. This accreditation demonstrates technical competence for a defined scope and the operation of a laboratory quality management system (refer to joint ISO-ILAC-IAF Communiqué dated April 2017).

Presented this 14th day of February 2025.

Mr. Trace McInturf, Vice President, Accreditation Services
For the Accreditation Council
Certificate Number 7399.01
Valid to February 28, 2027

For the calibrations to which this accreditation applies, please refer to the laboratory's Calibration Scope of Accreditation.
